Swartz Pipeline Contracting

- 80 + years combine experience in the natural gas industry
- Meter testing
- Regulator maintenance
- Cathodic protection and maintenance
- Employees operator qualified in Veriforce ISN
- HDD directional drilling

Natural Gas Pipe Installation

- HDPE, Steel Pipe
- PE sizes from .5”and up
- Steel Pipe from .75” up to 20”
- Ensuring compliance with all DOT and PSC regulations

Fabrication of Metering and Regulator Stations

- Sizing and flows for metering and regulator stations
- Update existing to complete rebuilds
- Ensuring compliance with all DOT and PSC regulations

Testing, up rating existing and new gas mains

- Establish MAOP on existing and new gas mains
- Testing with air, nitrogen, hydrostatic
- Ensuring compliance with all DOT and PSC regulations

HDD directional drilling

- Vermeer 24 x 40 Directional Drill
- Solid rock or dirt
- 25 years experience in drilling

Natural Gas PE equipment

- McElroy Trac - Star 28
- McElroy Pitbull 14
- Electrofusion Machine .5" - 6"
- Central heater irons for socket .5" - 2"
- Mustang squeeze off tools .5" - 4"

Transport of material and equipment

- Single axle dump (3)
- Tri axle dump (1)
- Tractor and trailer (4)

Excavating Equipment

- Yanmar ViC35
- Kobelco 115 sr dz
- Caterpillar 321 sr
- Komatsu 200
- Case 580
- Caterpillar skidsteers
- Caterpillar D5
- John Deere 750 Dozer
- John Deere 245 G

Right of Way equipment

- Bucket trucks from 60 - 75'
- Chippers Vermeer 1500 (4), 1800,2100
- John Deere Feller Buncher
- Jarraff telescoping saw (side and canopy trimming)
- Rayco 100 mulcher
- Rayco 260 mulcher
- Fecon 100 mulcher
- Slash Buster mulching head for excavator

Right of Way equipment

- Tractors 2 and 4 wheel drive (50)
- Pipeline Tractors 4 wheel drive enclosed roll over protection (12)
